

REDUCTION IN OUR REMUNERATION : IT'S NO !

Since November 1, Uber Eats has implemented new opaque and incomprehensible pricing leading to a reduction in remuneration of up to 40% on certain trips. An unacceptable decision taken without any consultation!

The prices of the races were not acceptable, the situation became unbearable.

A significant loss of turnover !

According to our first calculations based on feedback from delivery drivers who are members of Union-Indépendants, **this is a loss of daily turnover ranging from 7 to 20%** .

Only way to benefit from an increase in the price of the ride: be in a car, have the chance to pick up rides whose pick-up location is far from the place where the ride is accepted and a ride whose distance is greater 5 km away. **Might as well play the lottery!**

UNION-INDÉPENDANTS demands changes !

Union-Indépendants has called out Uber Eats **twice** since October 10 and spoke at length about the remuneration of delivery people during the ARPE negotiation meeting on November 6. **The responses from the platforms are unacceptable !**

We urgently request a real negotiation with the platforms to set minimum remuneration applicable everywhere, readable and understandable to all delivery people!

UNION-INDÉPENDANTS CLAIMS

- **The immediate cessation of the new Uber Eats pricing** and the temporary return to 2019 pricing
- A **minimum price** applicable by all platforms, based on the km traveled and the time spent over the entire duration of the race (approach time included)..
- The **end of compulsory delivery to the floors** and additional remuneration for delivery people who go up to the floors.
- Transparency **of shopping prices** for all delivery people..

**IF NOTHING CHANGES
A NATIONAL STRIKE
ON DECEMBER 2 and 3
LET'S GET READY !**

UNION FAIT TA FORCE !
